

# Is your child still wetting the bed?

*Is your child aged 5 years or older?  
Rather than sleeping soundly all night,  
are they still having 'incidents'?*

## **Take a look at the questions on the reverse...**

Please take a minute to answer these questions  
about your child's bedwetting.

Date. ....

Your name. ....

Your child's name . ....

Child's date of birth . ....

# Just a few questions...

- |  | Tick                  |                       |
|--|-----------------------|-----------------------|
|  | yes                   | no                    |
| 1. Does your child wet the bed more than once a week?                          | <input type="radio"/> | <input type="radio"/> |
| 2. Does your child have any other health problems?                             | <input type="radio"/> | <input type="radio"/> |
| 3. Is your child tired and irritable during the day?                           | <input type="radio"/> | <input type="radio"/> |
| 4. Is bedwetting affecting your child's behaviour, confidence and self-esteem? | <input type="radio"/> | <input type="radio"/> |
| 5. Is bedwetting affecting your child's performance at school?                 | <input type="radio"/> | <input type="radio"/> |
| 6. Does your child's bedwetting make you worried and stressed?                 | <input type="radio"/> | <input type="radio"/> |
| 7. Does it cause you extra work (e.g. changing bedclothes and laundry)?        | <input type="radio"/> | <input type="radio"/> |
| 8. Is your child's bedwetting affecting your sleep and making you tired?       | <input type="radio"/> | <input type="radio"/> |
| 9. Do you think your child will just 'grow out of it'?                         | <input type="radio"/> | <input type="radio"/> |
| 10. Would you like to know more about medicines/treatments for bedwetting?     | <input type="radio"/> | <input type="radio"/> |

**If you have answered yes to any of these questions, please take this questionnaire and talk to your Doctor or Nurse.**

Bedwetting is a medical condition called 'Enuresis'. There are medicines and treatments that can help your child overcome enuresis.

For more information about enuresis, please consult:  
[www.bedwetting.ch](http://www.bedwetting.ch)
